Experience

Digital Media Trend   **May 2023 – August 2023**
SEO and SMO Intern   *Lahore, Punjab*

- Conducted keyword research using tools like Google Keyword Planner, Ubersuggest, and Ahrefs to identify high-impact search terms for content optimization.
- Optimized on-page elements such as meta titles, descriptions, headers, alt tags, and internal linking to improve search engine rankings.
- Assisted in creating and scheduling engaging social media content across platforms like Facebook, Instagram, LinkedIn, and Twitter to drive brand awareness and audience engagement.
- Worked on off-page SEO strategies including backlink outreach and directory submissions to improve domain authority.

Projects

CookPanda Online Food Ordering System | *React, NodeJS, TSQL*   **April 2025**

- Developed a full-stack food ordering web application with separate customer, restaurant admin, and delivery worker panels.
- Created RESTful APIs using Node.js and Express to handle operations like placing orders, managing cart items, and updating delivery statuses.
- Implemented a real-time order tracking system, allowing users to monitor order progress with a status tracker and conditional cancellation options with session tokens.

8 Bit Maze Runner Game | *IAPX 88 Architecture*   **November 2024**

- Procedurally Generated mazes 39x19 using (DFS) Recursive backtracking algorithm.
- Includes Music sounds and File Handling for saving Highscores even after Dosbox is closed in txt.
- Utilized the layout editor to create a UI for the application in order to allow different scenes to interact with each other.

Technical Skills

Languages: Python, Java, C, HTML/CSS, JavaScript, TypeScript, TSQL
Developer Tools: VS Code, Eclipse, Google Cloud Platform, Firebase, Cursor AI, Figma
Technologies/Frameworks: React, NodeJS, Linux, GitHub, WordPress

Leadership / Extracurricular

FAST Lahore MLSA Chapter   **Fall 2024 – Present**
Co-Head Graphics Designing   *FAST NUCES*

- Led the design team in creating visually appealing graphics, banners, and social media content for events, workshops, and awareness campaigns. and designed consistent and brand-aligned assets using tools like Adobe Illustrator, Photoshop, and Canva.
